# The Basics: Growing an Organic Vegetable Garden

Saturday, April 1  
10:30 - 11:30 a.m.  
Farioly Program Room

Join us for an introduction to growing fresh, nutritious vegetables. Learn the basic steps involved, including:

- soil testing and soil preparation,
- tips to select healthy vegetable seedlings and flowers for pollinators,
- when to water, weed and fertilize to achieve high yields, and
- insect issues and organic pest controls.

Presenter:

Michele MacKinnon is a UCONN Advanced Master Gardener from Sherman, CT who enjoys sharing her gardening knowledge with others. She is writing a landscape design book for D-I-Y homeowners who want simple, affordable advice to enhance their outdoor spaces.
