### **Bring me Back Home Program**

Bring Me Back Home (BMBH) is a new registry for Connecticut residents which allows law enforcement access to information to assist in the recovery of missing or wandering persons. The provided information and photo, accessible through the COLLECT criminal justice and safety system, helps first responders and families reunite with individuals living with cognitive challenges, such as Dementia or Autism. This information is confidential and secure and can only be accessed by law enforcement personnel in an emergency.
